## Senior Software Engineer

Maryland, USA , 20743 • [\(301\) 326-3087](tel:(301)326-3087) • [lovette.codes@chacodaar.me](mailto:lovette.codes@chacodaar.me) • [linkedin.com/in/lovette-nkayi](https://www.linkedin.com/in/lovette-nkayi) • [portfolio website](#)

I am a Highly skilled Software Engineer with over 5 years of experience in full-stack development, specializing in mobile and web applications. Proven expertise in creating high-performing, scalable applications with a passion for cutting-edge technologies. Strong proficiency in JavaScript, HTML/CSS, object-oriented programming, and building native iOS applications. Adept in developing RESTful APIs and optimizing applications for performance. Excited about the opportunity to contribute to LinkedIn's mission of creating economic opportunity for every member, prioritizing diversity, inclusion, trust, and teamwork while driving innovation and delivering impactful solutions together.

### TECHNICAL SKILLS.

- **Languages & Frameworks:** HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Vue.js, Node.js, Python (Django/Flask), Flutter(Dart).
- **iOS Development:** Native iOS app creation(Flutter, React Native), API integration, RESTful services
- **Web Technologies:** NPM, Bootstrap, API Development, Progressive Web Apps, Tailwind CSS, MUI
- **DevOps Tools:** Some DevOps Skills, Docker, CI/CD Pipelines.
- **Databases:** MongoDB, Firebase, SQL Databases, Amazon S3.
- **Cloud & Hosting:** AWS, GCP, Heroku, Vercel

### EXPERIENCE

**DvTech LLC** - Maryland, USA

*Jan 2019 – Present*

Part-Time Full Stack Developer

- Led development of web and iOS applications, collaborating with Agile teams to design and implement technical solutions.
- Utilized **React** and **Node.js** in building Progressive Web Applications (PWAs) for improved user experience, contributing to enterprise-level clients.
- Created and deployed **native iOS applications**, integrating APIs and optimizing performance through efficient memory and data management.
- Implemented **CI/CD pipelines** using Azure DevOps, improving deployment time by 30%.
- Conducted code reviews, reduced production bugs by 25%, and optimized app performance, achieving a **100% score in Lighthouse audits**.

**BickDrims LLC** - Douala, CMR

*Aug 2018 - Jan 2022*

Full-Time Frontend React Developer

- Developed high-traffic, responsive web applications using **React.js, Next.js, and JavaScript**, enhancing user engagement by 40%.
- Improved performance and scalability of mobile apps using **Flutter** and **AWS**, reducing load time to under 2.5 seconds.
- Spearheaded a project to migrate legacy systems to modern frameworks, cutting operational costs by 15%.
- Transformed user interfaces into seamless, user-friendly experiences that make users go “Wow!”—because first impressions matter!
- Brought user interfaces to life using top-tier animation frameworks, creating interactive experiences that feel fluid, intuitive, and just plain fun.

## EDUCATION

**Colorado Technical University** - Colorado, USA

*Nov 2022 - Jun 2024*

BSc in Computer Software Engineering

**ABMA University | Online/Remote** - London, UK

*Oct 2018 - Aug 2022*

Level 5 Diploma - Professional Computing And Information Systems

## CERTIFICATIONS & PUBLICATIONS

- **Other Certifications:** CISCO Networking(NetAcad), Taking an AWS Certified Developer - Associate (2024).
- **Projects:** I have developed both personal, company and customer projects I can't name them.
- **Volunteering:** Mentor at DvTech LLC - Imparted web development knowledge to young students and interns.
- **Languages:** English, French.
- **Publications:** Authored an article on **“Fixing 504 Errors with NextAuth After Vercel Deployment”** and **“How to Become a Full Stack Software Developer In 2024”** published on my [portfolio website](#).

## LANGUAGES

- English(Native)
